DIFFERENTIATORS

VBS' unique selling proposition is our ability to assess the client's current state effectively and efficiently, and strategically integrate innovative technical solutions with proven universal best practices, tailored to position the client in reaching their desired future state. We implement a holistic approach to CI following the "People, Process and Technology (PPT)" framework, which can be easily modified to meet business goals and overcome unique organizational challenges.

VBS is comprised of experienced knowledgeable professionals who work in partnership with clients to drive improved performance, mitigate risks, and establish a lasting competitive advantage.

Our Professional Team Credentials Include:

The outcomes of VBS' engagements are clients who are more adaptable, productive, and capable of meeting, and in many instances surpassing their organizational goals. VBS has earned **EXCEPTIONAL CPARs** in Quality, Schedule and Management for FY2022 and FY2023.
